## About our property

Logicor Poznań I is situated in Żerniki, only 13 km from the center of Poznań. The park is located on the express road S11 (Poznań-Katowice), in the immediate vicinity of "Krzesiny" node at A4 highway (about 800 m from the park). Due to its location it is an excellent solution for the companies distributing commodities both into the direction of Silesian Agglomeration and into the direction of Warsaw or Berlin.
